Rules and Restrictions:

Residential property only, no commercial structures. Can be owner-occupied or rental houses within Sutherland city limits. Project must be completed in 2018 and payment will only be made upon submission of receipts and satisfactory inspection of property. Preference will be given to projects with materials purchased locally.

SPRUCE UP SUTHERLAND

A pleasant community appearance adds to home values, helps attract business investment and improves the community's reputation. Research shows that beauty is one of the top three factors in creating community attachment, or loyalty, to your particular town or city.

We understand that improving your property can often be too great of a financial burden to undertake on your own. With this in mind, The City of Sutherland and Sutherland Economic Development are excited to launch a new program entitled Spruce up Sutherland.

After completing a brief application describing your property and the proposed project, submit your application to City Hall by June 30th. The committee will notify those that are approved by no later than July 15th. This is for future work only and cannot be applied for if the work is already completed and paid for.

If approved, the City and Economic Development will reimburse you after you complete necessary painting, installation of house siding or even removal of a house that is beyond repair. Financial assistance is available for up to the following amounts:

House Painting	\$300
House Siding	\$2,500
Removal of House	\$2,500

Please visit the Sutherland City Office at 110 Ash Street or call 446-2243 for more information on the Spruce up Sutherland program or simply complete the attached application and return to the City Office by June 30th.

Please consider taking advantage of this valuable opportunity to improve the appearance of your property and we sincerely thank you for your investment in your community.
